

HOME ECONOMICS AND CULTURE TO BE EMPHASIZED

Annual Meeting of Federated Women's Clubs Will Not Discuss Legislative Matters to Great Degree.

Home economics and cultural matters will be discussed at the meeting of the State Federation of Women's Clubs, which opens today, according to delegates to the meeting who passed through here last night on their way to the convention city.

The delegates who left here were sure, in number, the largest party that ever has come from the central southwest portion of the state to a federation meeting in the eastern half of the state. A special car was run down here for the ladies, coming direct to the popular southwestern train for transfer to Belen to the cut-off train.

Only Seven From Albuquerque.

Of the delegates out, seven were from Albuquerque, three from Raton four from Las Vegas, four from San Marcos, one from Silver City, one from Mesilla Park, and one will come from Santa Fe by automobile. It is possible that there are others making the trip overland, it was stated yesterday, the one from Raton is the only one delegate here last night who certainly would go.

The party was headed by Mrs. Rosalie F. Asplund, state president, who came with the Santa Fe delegation.

Mrs. Asplund declared that in all probability matters with a legislative bearing would be touched upon very lightly at the meeting, since that is not a legislative year, but that publicity, especially the matter of a publication of the federation, would be stressed.

She also stated that home economics, in which the federation is endeavoring to set the pace for the rest of the state, would be emphasized and that cultural studies would be taken up in some detail.

A Mistaken Impression.

The federation this year will elect no officers, as the term of those chosen last year still has a year to run. Delegates to the national convention will be chosen, however. There are three of these to be selected, the president, Mrs. Asplund, being an ex-officio delegate.

While some of the ladies while here had an interesting, but no exciting adventure. They wandered into the grillroom of the Alvarado hotel by mistake.

"Where are you?" exclaimed one of them.

"We're in a bar," the other informed her.

Whereat they both departed hurriedly, not noting the quiet party in the corner who chuckled over their deconfiture.

THE MONTHEISTIC RELIGIONS FELDMAN'S SUBJECT FOR TONIGHT

There was a large attendance Sunday night at the Presbyterian church to hear Dr. Feldman, who is a Christian Jew, lecture on "Why the Jews Do Not Accept Jesus as Christ."

Dr. Feldman is endeavoring to bring about a better understanding between the Jews and Christians, both by enabling the former to see the true meaning of Christianity and the latter to more fully recognize the nobler qualities of the Jewish people and his persecution in foreign countries has turned them against Christianity, especially.

Tonight Dr. Feldman speaks on the "Three Montheistic Religions," Mohammedanism, Judaism and Christianity.

A cordial invitation is extended to all our Jewish and other friends. The meetings are free to all.

Chief of Police Thomas McMillin stating that he proposed to have their parents come down and explain why they were not keeping the birds in school, as required by law, and why they were not exercising such discipline at home as to prevent such affairs as that, for which the boys were arrested. HARD WORK FOR DESTROYERS IN MARMORA SEA

British Hope Favorable Weather Will Prevail for Another Month and Permit Ending of Dardanelles.

Associated Press Correspondence.

LONDON, Sept. 4.—The hope that the British will prevail with the month of October is strengthened by the month of August. While the weather conditions are likely to become more favorable, they have often disagreed with British officers men. So far there will be no submarine effort after that time, but there is a fair realization that conditions will then become far less favorable.

An observer who has been in the Dardanelles for three years noted that the British naval force had been unable to make much progress in the month of August.

According to Lieutenant Arthur P. Patterson, Englishman, the British force had been unable to make much progress in the month of August.
